RE: GEAUXPLANS DOCUMENTS

Dear Mrs. Christophe:

Congratulations! Your GeauxPlans estate planning documents are ready for download and include the following:

- Revocable Trust
- Extract of Trust
- Last Will and Testament
- Durable Power of Attorney
- Power of Attorney for Healthcare
- Healthcare Directive
- HIPAA Release
- Act of Donation to Trust

Now, follow these instructions carefully to make your documents legally valid in Louisiana.

REVIEW

1. Review your documents carefully.
2. Do not proceed unless you understand and agree with everything contained in your documents.
3. If you need to make changes, you may do so for thirty (30) days free of charge.

SIGN

2. Find a Notary and Two (2) Witnesses.
 - a. A Witness can be any competent adult who is not deaf or blind *and is not receiving any property under your estate plan.*
 - b. A Notary can usually be found at a bank or UPS store. For an additional fee of \$150.00, you may contact Theus Law Offices at 855.213.6400 to request a signing session in Lafayette or Alexandria, Louisiana.
3. With you, your Witnesses, and the Notary *together at the same time, in the same room, and all watching:*
 - a. Your Last Will and Testament

TOLL FREE: 855.213.6300

- *Declare and signify (expressly)* that the document you are about to sign is your Last Will and Testament (this must happen before you sign anything)!
 - Sign at the bottom of each page of your Last Will and Testament where you see your name
 - Do not use initials. You must use a signature.
 - Sign at the end of your Last Will and Testament wherever you see a signature line with your name printed underneath.
 - Ask the Witnesses to complete the Witness signature sections.
 - Ask the Notary to complete the “Notary” section and follow the instructions from the Notary to finalize the document.
 - Be sure to date the document as indicated.
- b. All Other Documents
- Sign each document at the end wherever you see your signature block.
 - Ask the Witnesses to complete the Witness signature sections.
 - Ask the Notary to complete the “Notary” section and follow the instructions from the Notary to finalize the document.
 - Be sure to date the documents as indicated.
- c. Act of Donation of Principal Residence
- Before executing this document as set forth in paragraph (b), above, you must attach a full and legal description of your residence. Note that the description on record with your local tax assessor is almost certainly an abbreviated legal description, which will be insufficient. You may find the full and complete legal description in the document that originally conveyed title of your residence to you.
 - Before recording the Act of Donation of Principal Residence, refer to the Memorandum Regarding Funding Your Trust for instructions on contacting your homeowners insurance and maintaining your homestead exemption. If you do not follow these instructions, you may lose both insurance coverage for any claims, as well as your homestead exemption.

STORAGE

1. Once all the documents are executed, keep them in a safe place that can be accessed by your executor(s) or agent(s) in an emergency.
 - a. Scanning executed documents is a good practice.
2. Tell your executor(s) and agent(s) where you have stored your documents so they will know where to find them.
3. Destroy any old estate planning documents to avoid confusion.

Thank you for choosing GeauxPlans!
